

TO LAY SUBMARINE ISSUE BEFORE CONGRESS

WILSON WILL ADDRESS JOINT SESSION TODAY

EXECUTIVE WILL SPEAK LAST WORDS OF U. S. TO GERMANY

Developments of Most Solemn Importance Are Expected to Follow Quickly—President Guards With Unusual Precautions for Secrecy the Words He Will Deliver.

WASHINGTON, April 18.—President Wilson will lay the submarine issue before congress tomorrow. In the hall of the house of representatives at one o'clock in the afternoon, with congress seated before him in joint session, the president will speak the last words of the United States to Germany in the grave situation which has brought the two nations on the brink of a break. Developments, yet undisclosed and of the most solemn importance are expected to follow quickly.

To Receive Committee Heads.
At ten o'clock tomorrow morning the president will receive Chairman Stone and Flood of the committees dealing with foreign affairs, and Senator Lodge and Representative Cooper the ranking Republican members. The often repeated statement from the white house and by administration officials that before breaking off diplomatic relations with Germany, the president would fully advise the heads of the foreign affairs committees was recalled to tonight in connection with the announcement of the meeting and the fore-runner of a development of the utmost gravity.

Tonight all official Washington, fearing the worst, practically is in ignorance of the details of the president's plans.
Soon after noon today and just after the cabinet had departed, the president summoned Secretary Tumulty. He instructed him to go to the capitol at 4:30 o'clock—and not before—and arrange for a joint session of the house and senate at one o'clock tomorrow afternoon. The president did not state his purpose to his secretary and instructed him specifically to inform the leaders that he had no knowledge of the president's design further than that important affairs were to be communicated to congress.

Introduce Resolution in House.
Promptly at the hour named, his secretary went to the president's room in the capitol and sent for Chairman Stone and Floor Leader Kern. After a hurried conference they went to the house side and talked with Majority Leader Kitchin. A few minutes later a resolution for a joint session was introduced in the house.

"Does the gentleman from North Carolina desire immediate action on this?" asked Representative Mondell, acting as Republican leader in the absence of Representative Mann. "Yes," the Democratic leader responded. "I understood the president has some very important communication to make."

Without debate or opposition the house at once passed the resolution and the clerk carried it over to the senate.

Up to the moment the clerk entered, a majority of the senators still were in ignorance of the development.

Senator Kern, at a point in the dividing aisle of the senate and before the president's desk awaited the clerk's report of the house resolution and asked at once for its immediate adoption.

Chamber is Electrified.
A sense of its meaning electrified the chamber, altho the senators were in ignorance of its full purposes and in a tense silence it was passed.

Secretary Tumulty returned to the white house and congress, as the possibility of the president's action dawned upon it, was galvanized with a realization of its significance.
The senate which had settled down to a night session on the army bill listened attentively while Senator Williams spoke of the need of national defense and then in quick succession adopted the amendments which in effect would eventually create an available fighting force of one million men. The re-organization of the National Guard, the creation of a volunteer army, military training in schools and an amendment to increase the standing army to 225,000 men—a number much in excess of the military committee's recommendation or the provisions

of the house bill—were approved quickly and the bill itself was passed and sent to conference to adjust differences with the house.

There is only one instance in modern diplomatic history in which a breaking of diplomatic relations between two first class powers has eventually been followed by war. It is the breaking of relations between Germany and Italy and it stands alone against a precedent which diplomats regard as the inevitable.

President Wilson's purpose in going before congress is explained to be in recognition of the fact that while the executive branch of the government has power to break diplomatic relations congress alone has the power to declare war, and the president feels, therefore, that it should be advised of an action in which it may subsequently be called upon to bear a part.

Takes Unusual Precautions
President Wilson has guarded with unusual precautions for secrecy, the words he will deliver. Contrary to custom, no copy of his remarks will be given out in advance. He will read from personally prepared manuscript on which he has worked three days and of which no copy was made. The president has refused to tell his own secretary because as the president expressed it he expected his secretary would be questioned about it.

Count Von Bernstorff, the German ambassador calling upon Secretary Lansing by direction of his government almost at the moment the president was arranging the joint session of congress, was informed that the secretary could not discuss the situation with him at this time.

It was evident that the ambassador was seeking information of the American government's plans and that it had been decided he should not have it. The ambassador did state to Secretary Lansing that while under no circumstances could Germany give up the submarine warfare because it was being used in retaliation for Great Britain's food blockade, his country would attempt to use the submarines in accordance with international law and Germany's assurances to the United States. He added that in any case where instructions to submarine commanders were violated reparation would be made, in accordance with the assurances given in the Lusitania, Arabic and other cases. Secretary Lansing told the ambassador he would see him again in a few days.

Reflect Wilson's Determination
Administration officials reflected President Wilson's determination to have an ending to diplomatic negotiations which they feel have brought only promises which have been unfulfilled and assurances which have turned out to be of disputed meaning.

Until today's cabinet meeting, statements were semi-officially authorized to the effect that a communication to Germany was being prepared which would be in the nature of an ultimatum. With the announcement of the president's plan to lay the situation before congress that phase of the situation was clouded and no official would clear it up. It was indicated that a communication to Germany, either simultaneously or subsequently to the president's address to congress, at its terms were less clearly indicated tonight than at any time since officials allowed it to be stated that such a document was being written. It has been indicated by officials generally that it would be a chronological indictment of Germany's submarine policy as an offense against the laws of nations and humanity, beginning with the first submarine operations of the war and continuing down to the Sussex and later cases which have brought the situation to a new crisis. In confidence, it was understood, it would be stated clearly that it was America's last word and that nothing but a strict compliance with the principles for which the United States has all along contended could insure a continuance of friendly relations between the two countries.

DENVER, Colo.—A directed verdict of not guilty on all counts was returned by a jury in the United States district court in the trial of William B. Slaughter on charges involving alleged misapplication and embezzlement of funds of the Mercantile National bank of Pueblo, Colo.

RICHARD HARDING DAVIS LEAVES ESTATE IN TRUST TO HIS WIDOW

WHITE PLAINS, N. Y., April 18.—The estate of the late Richard Harding Davis, war correspondent and novelist, who died a week ago, is left in trust to his widow, Mrs. Elizabeth Genevieve McEver Davis (Bessie McCoy) and their infant daughter, Hope, under the terms of his will which was filed for probate today.

The amount of the state was not stated, but it is said to be valued at about \$250,000. Charles Belmont Davis, a brother of the author and himself a writer, is designated to take charge of the testator's literary interests.

THREE GERMANS SUSPECTED OF ESPIONAGE ARE ARRESTED

SAVANNAH, Ga., April 18.—Three men said to be Germans but whose names were not given by officials, were arrested today at Hardeeville, S. C., at the request of Lieutenant A. P. Cronkhite of the United States engineer corps, who suspected them of espionage. A search of the prisoners it was said revealed that they were in possession of maps giving minute details of fortifications and roads along this section of the coast. They carried an elaborate photographic outfit.

A charge of vagrancy on which the men were taken into custody was changed to a charge of being "suspicious characters" when each of the three produced \$5,000 to relieve the vagrancy charge.

UNIVERSITY CADETS PARADE

Urbana, Ill., April 18.—More than 2,000 students of the University of Illinois took part today in the annual presidential review of the University Cadet brigade, the largest cadet force in the United States. President Edmund J. James in his address said that while we are a peace loving nation, we cannot neglect to be prepared for war, no matter what the pacifists say. There were two regiments of infantry in line, four auxiliary companies—signal, hospital, engineers and foot artillery—and the battery of the Illinois National Guard.

MOUNDS TO REMAIN WET.

Mounds, Ill., April 18.—Mounds, Pulaski county, voted to remain in the wet column by a majority of 155 votes in the local option election today.

Percy, Randolph county, voted to oust saloons by 62 majority. The men's majority was 35 for saloons, but the 233 women voters turned the result.

Steeleville, in the same county, voted wet by 32 majority.

SENATE PASSES ARMY RE-ORGANIZATION BILL

WOULD PRODUCE REGULAR AND RESERVE FORCE OF A MILLION

Hastens Completion of Bill Amid Scenes of Excitement. Repeatedly Rejecting Amendments to Reduce Proposed Strengthening of Army.

Washington, April 18.—An army re-organization bill that would produce a regular army and reserve military forces in the United States aggregating a million men was passed by the senate tonight without a record vote. It is a substitute to the Hay bill passed by the house and the differences will be worked out in conference.

On the eve of a joint session of the houses of congress to hear a message from the president on grave international issues the senate hastened completion of the bill amid scenes of excitement, repeatedly rejecting all amendments pending to reduce the proposed strengthening of the army.

In the closing hours of debate the senate made provision for a regular standing army with a peace strength of 250,000 men, as compared with 140,000 in the Hay bill which passed the house, retained after a close fight the plan for a federal volunteer army reserve force calculated to aggregate 261,000 men, and federalized the national guard forces of the states at an estimated strength of 289,000 men.

In addition to this combined regular and reserve force of 790,000 men, an amendment was passed to create a school and college youths' reserve corps in time of war or threatened war which would recruit a force of trained young men schooled by officers of the regular army, the estimated strength of which is estimated anywhere from 200,000 to 400,000.

The apparently grave developments of the few hours preceding the passage of the bill also probably served to save the volunteer army provision. Champions of the national guard fought it bitterly in the committee of the whole and it was retained by a vote of 34 to 32. Tonight Senator Lewis again moved to strike out the section. It was saved this time by a vote of 40 to 37. Other important provisions of the senate not in the house measure include the following:

Appropriation of \$15,000,000 for construction of government plants for production of nitrates to be used in manufacture of ammunition.

Provision for vocational education of enlisted men of the regular army, compelling instruction either in agriculture or the mechanical arts.

Creation of a national guard section in the general staff of the army and requiring all officers and enlisted men of the national guard to be subscribed to a oath to support the United States as well as the respective states.

Provision for federal pay for all national guard officers above the rank of captain.

Because of the radical differences it is expected that the house will at once ask for a conference and that work of perfecting the final form of a new army will begin within a few days. One feature of the senate bill that even its most ardent champions fear may be sacrificed in the legislative compromise is the volunteer army reserve force but in that event they confidently expect that the scheme reserve will be retained as a substitute.

CROSS-EXAMINATION OF LORIMER IS BEGUN BY ATTORNEY BELL

CHICAGO, April 18.—Direct examination of William Lorimer was completed today and cross examination by Assistant State's Attorney Hayden N. Bell begun.

Mr. Lorimer who is accused of embezzlement and conspiracy in connection with the failure of the La Salle Street Trust & Savings bank, of which he was president, reiterated his story regarding loans of the bank in which he, his sons, or his enterprises were concerned.

A brief aside into politics varied the recital. George W. Hinman, then publisher of the Chicago Inter-Ocean, Mr. Lorimer testified, was a warm personal friend.

TO MAKE INQUIRY OF AUSTRIAN GOVERNMENT.

Washington, April 18.—Ambassador Penfield at Vienna has been instructed to inquire of the Austrian government regarding the recent attack without warning by an Austrian submarine on the Russian bark Imperator, carrying two Americans. Secretary Lansing said today that the inquiry was similar to that recently made of the German government regarding the Sussex.

ORDERS EXPULSION OF GERMANS

Lisbon, April 18.—via Paris.—The Portuguese government has ordered the expulsion of all Germans over military age and the internment in concentration camps of the others, according to the Bureau.

The sequestration of all property belonging to Germans has also been ordered.

FUNSTON ADDS 2,300 TO PERSHING'S FORCE

Orders Additional Cavalry
And Infantry To
Columbus

PURSUIT WILL BE SLOW

Doubt as to the Truth of the
Report of Villa's Death In-
creases Steadily

LETCHER TELLS STORY RUMOR

SAN ANTONIO, April 18.—General Funston issued orders today that will place at the disposal of General Pershing 2,300 more troops. He has ordered the Sixth Cavalry to proceed to Columbus, N. M., from the Brownsville district, the Seventeenth Infantry from Eagle Pass, the First Battalion of the Twenty Fourth Infantry from Eagle Pass, and L. troop from the Tenth Cavalry, Fort Apache.

Pershing Requested Reinforcements
General Pershing requested more troops some time ago, but General Funston hesitated to order them because he was faced with the danger of weakening garrisons and patrolling pointed along the border. He has authority to move such troops in his department as he wishes but the strengthening of any point from another department rests with the war department.

Staff officers here were convinced some days ago that unless Villa was taken before he got beyond points within a short distance south of Satevo the chances of getting him were remote. That point has been reached and Villa remains at large and to that situation is added an undisputed hostility of various Carranza organizations that army men here declare makes doubly necessary the strengthening of General Pershing's force.

But even with more troops the pursuit of Villa will be a slow and tedious job if his trail is extended south of the state of Chihuahua in the opinion of army officers, who say that the trails beyond Satevo make increasingly difficult the operation of military supply trucks. An advantage could be gained by the use of a shorter route either thru Ojinaga or Fabens, but this plan, it was reported from Washington, would be unacceptable and the remaining plan and what logical plan, regarded as the only logical plan, the use of the railroad south from El Paso appears out of question.

Additional troops are being sent to General Pershing as much for the protection of those already in Mexico along the line of communications as to strengthen the mobile forces whipping the region south of Satevo.

Marked Hostility Displayed.
Marked hostility has been displayed along the line of communications by Villa's men and indications have been numerous that not all the Carranza element, both military and civil were friendly. Scouts are continuing their work of locating Carranza troops in that vicinity.

Little actual work in the chase of Villa has been done since the American troops were forced into a fight in the environs of Parral. The forces of General Pershing have occupied points from where concentration can be made rapidly and General Pershing has established his field headquarters at Naniquipa some distance north of Satevo.

General Funston has not made public any additional details of the Parral incident. The story of the discovery of Villa's body is being repeated but General Bell's expression of his opinion that the story was manufactured at Juarez went far towards convincing most officers here that Villa is yet alive. General Funston has not commented on the account.

Awaits Further Reports.

Washington, April 18.—The administration is awaiting further reports from American officers in Mexico before deciding whether the expedition seeking Villa shall be withdrawn or reinforced for further operations. Additional advice from General Funston as to the situation are expected hourly. Some telegrams came late today. One was dated Naniquipa, showing that General Pershing had withdrawn to the place. Indications at the war department here out press reports from the front that the pursuit of Villa temporarily was at a standstill.

President Wilson and his cabinet discussed the Mexican situation briefly today in the light of a review of its military aspects submitted by General Funston. It was announced later that the situation was unchanged and that the administration was awaiting further reports.

SEE LITTLE HOPE FOR LOWER GASOLINE PRICE

UNITED STATES BUREAU OF MINES
ISSUES STATEMENT

Declares That at the Present Rate of
Production the Country's Supply
of Crude Oil Will be Exhausted
in Twenty-Seven Years.

Washington, April 18.—Little hope for a reduction in gasoline prices is seen by experts of the bureau of mines, which issued a statement today declaring that at the present rate of production the country's supply of crude oil would be exhausted in twenty seven years. Relief can come, the statement says only thru development of processes for obtaining a larger quantity of gasoline from crude oil.

Van H. Manning, director of the bureau pointed out today that oil companies competing to supply the government with gasoline had quoted a price of 31 1-2 cents and said private consumers probably would have to pay more. The fact that the government quotation was so high he declared showed that no immediate drop was to be expected.

"The demand for gasoline," says the bureau statement, "has increased more than 200 per cent in the last five years and now is increasing at even a faster rate. On June 1st, this year there were 2,235,000 automobiles in use and automobile manufacturers estimate that this will be increased to 3,000,000 within a year. This means an increased consumption of more than six million barrels of gasoline.

"Still more important, present indications forecast a decreased production of gasoline from crude oil for 1916. The daily production of crude oil for February in the mid-continent field which produces 75 per cent of our refinable oil, was 40,000 barrels less than the average for 1915.

"The demand for gasoline has outstripped the demand for all other petroleum products and these other products amounting to about 75 per cent of the production are being sold for less than the cost of production. Gasoline pays the cost in addition to the amount lost in marketing the other products.

"We are exporting twenty per cent of our output of crude oil and 16 per cent of our gasoline. We are burning 25 percent of our petroleum under boilers which is a criminal waste and we are using another 20 per cent in the manufacture of gas. This gas should be made from coal.

"If by means of the Rittman process our kerosene and fuel oils, which we have been using in competition with coal and selling for less than the cost of production, can be converted into gasoline, the present production of crude petroleum would be more than ample to supply our present demands for gasoline. General adoption of these processes would extend the life of our petroleum deposits based on present demands, from 27 to 100 years at the same time reducing the cost of gasoline to the consumer."

WETS SECURE A MAJORITY IN THE DANVILLE CITY COUNCIL

DANVILLE, Ill., April 18.—By electing two wet aldermen in place of two dry members of the city council today the wets will have eight members and the drys six, reversing the condition of affairs existing the past year which resulted in a refusal to grant saloon licenses.

Tonight's session of the council, an ordinance providing for granting saloon license was introduced and will be reported to the next meeting. Attorneys for the drys tonight claimed the fact that a dozen voters wrote the option proposition upon the ballot and voted for it today caused it to carry despite the fact that the city election commission refused to have it printed upon the ballots.

CABINET CRISIS IN ENGLAND

BULLETIN.

LONDON, April 19.—The cabinet leaders reached what is believed to be an acceptable compromise late last night according to the lobby correspondent of the Daily News, which recently has been the best informed of the morning paper political reporters.

Pressing their attack vigorously by land and sea the Russians have captured Turkey's most important port on the Black sea—Trebizond. That the joint attack by the land and naval forces was sharp, quick and decisive, is indicated by the fact that a Russian official communication had just announced the Russian land forces at the village of Drona, seven miles east of Trebizond when a new announcement of the fall of the town was made.

The port and outlying districts had been strongly fortified since the fall of Ezerum.

Continue Drive Near Baiburt.
The Russians also are continuing their drive against the Turks in the region of Baiburt, to the southeast, the capture of which town would result in the joining of the forces which recently captured Erzerum and those now at Trebizond and give the Russians a line for a solid advance eastward. This is part of the plan for the isolation of the Turkish forces in Mesopotamia.

On the front in France inclement weather has impeded the activity of the troops around Verdun, in all the sectors of which there have been only intermittent bombardments. The only infantry attacks in France or Belgium have taken place along the British end of the line where at several points the British have entered German trenches or shaken off German attempts at attack.

The artillery duel around iskull bridgehead between the Germans and Russians still is in progress but no advantage in the fighting is claimed by either side. Petrograd reports the repulse of Teuton attacks in Galicia, at Popovomogila and the capture of large quantities of war materials.

Destroy an Austrian Position.
The Italians in mining operations on top of the Col di Lana destroyed an Austrian position and occupied the mine crater over which fighting now is in progress. In the Sugana valley the Austrians have driven the Italians from advanced position. Elsewhere along the line there have been only artillery engagements.

A tense situation exists in the British cabinet over the conscription, with the conscriptionists vigorously attacking the ministry, and strong parliamentary forces endeavoring to sustain it. As yet no cabinet or military resignations have been tendered.

Premier Asquith has postponed making his promised statement as to the government's position with regard to conscription.

No Resignations Are Tendered.
London, April 18.—That a grave cabinet crisis exists is undeniable but according to an authoritative statement tonight, no resignations, either ministerial or military have been tendered and it will probably be several days before the crisis is ended. The Marquis of Crewe, lord professor of the house of lords today which was the first official admission of the gravity and complexity of the problems dividing the ministers indicated the possibility that Premier Asquith might not be prepared even on Thursday to make his promised statement in which case the house would sit the following Monday. Both sides in this conflict are marshalling all their available forces for the parliamentary struggle over Sir Edward Carson's motion for universal military service.

It takes little happenings in this country to emphasize our democracy and show that the rights of citizens are really on a par. Out in Riverside county, California, taxes became delinquent on a tract of owned by the late Mrs. Woodrow Wilson and it was necessary for the president to send \$53.62 to the county officials there to redeem the property.

War Prices on Religious Works

Even religious affairs are influenced by war prices and the cost of Bibles has gone up tremendously. Publication societies show that the expense for prayer books, Bibles and other books is now just about double the figures that previously prevailed. The Methodist Book Concern has figured out an additional cost for white paper this year of \$130,000. A shortage exists also of Bibles printed in European languages. Stocks of these Bibles are usually imported by the American Bible society from Germany, but none are being received now and the stock is just about exhausted. While acknowledging this shortage of Bibles and the increased cost of production, the various Jacksonville ministers engaged in special evangelistic services have not changed their declaration that salvation is free.

A Pull Together.

If the Republican national convention will keep strictly in mind the sentiments outlined by the Rhode Island state convention Monday there will be no trouble about party success. The convention in the little eastern state pledged the party to "support as a candidate for president one who will have the approval and support of the united Republican party." Senator Harding of Ohio who is to be the temporary chairman of the national convention made an address and declared that no one man or no group of men will decide what shall be said and what shall be left out of the party platform. If all the delegates can reach Chicago in that frame of mind then the action of the convention will be certain to meet with the general approval of the party and the public. With a united front is the way to

Rippling Rhymes

By WALT MASON

HIRED HANDS

Upon the farmers' rolling acres, the hired men, husky harvest makers, now push the gleaming plows; all day above their tasks they're bending, and when the twilight is descending they milk three thousand cows. They rise before the dawn is breaking, and give their sweat-stained mules a raking with brush and scrub; with pails of swill they go a-reeling to feed the porkers, loudly squealing as they blow off the foam. They feed the calves and groom the chickens, and milk more cows to beat the dickens, before the rise of sun; and while the rest of us are snoozing the glory of the morning losing, their day's work is begun. The eight hour day? Don't josh or mock them; such levity would pain and shock them; some eighteen hours they toil, between the hour of their upsetting, and their retiring, tired and sweating, and caked with fertile soil. We boast and praise the festive farmer, and say he is the honest character who keeps the nations fed; but, by the boosters, yards and sages, of him who tills the land for wages, there's mighty little said.

DATES IN ILLINOIS HISTORY.

April 19, 1874. The continental congress amended the proposed ordinance governing the West by striking out Thomas Jefferson's provision prohibiting slavery in that territory after 1800.

Republican party must enter the next campaign.

Seek to Sow Strife.

The Democratic press and special writers are now engaged in an attempt which will be fruitless to show that Republicans are already squabbling over what will be the content of the national platform to be written in Chicago. They claim to see vast differences of opinion on the preparedness question, which they are sure will result in a great gulf between the party factions in Chicago. In this instance, as in so many others, these thoughts are born of their wishes in the matter, and when Republicans get to the convention there will be little difficulty in arriving at an understanding on the preparedness question, which will meet the patriotic ideals of the party and advocate a degree of preparedness commensurate with sound judgment and reason, based upon the world happenings of the past two years.

Primary Law Defects.

A well founded criticism of the primary law comes from Iowa where in one city William G. Webster of Illinois secured a larger vote for the state presidency than did former U. S. Senator Elmer J. Burkett. Mr. Webster lives in Illinois and is practically unknown in Iowa, whereas his opponent, Mr. Burkett, is a resident of that state and quite widely known. It so happened that the position of Mr. Webster's name on the ballot gave him the advantage, and in no other way could the vote for him be explained. This is only one of the faults to be found in the primary and it can be proven in a greater number of instances that primary election results do not represent the views of the majority of the people and that because of the enormous expense of the primaries that many candidates are prevented from entering the lists.

Law But Not Justice.

The judge in a neighboring state who ruled against a plaintiff in a speed law damage suit admitted the injustice of the finding. The case involved damages brought by a lad, whose arm had been crushed when he was run over by an automobile truck. The jury in the case awarded \$10,000 damages and the judge granted a new trial. It seems that the Missouri legislature some time ago passed a law fixing the speed limit at twenty five miles an hour and the court held that this was law, notwithstanding city ordinances fixed the speed at from eight to ten miles. With such a construction placed on the law, pedestrians in cities must keep a watchful eye on their safety and will have no recourse for damages if they are run down on a busy street corner by an automobile going at a less rate. Such an interpretation on the statutes showing that a city ordinance cannot afford protection from a state law loosely drawn may be law, but it is certainly not good sense or justice.

Lessons in Sanitation.

According to the Mexican dispatches typhoid fever now is really a greater menace than the attacks of the Mexicans. They live in such squalor in Mexico and there is such wide spread ignorance of the principles of sanitation that this condition is not surprising. When the Mexican problem is really solved it will involve the education of the people until they understand the advantages of sanitation and that cleanliness is necessary for healthful conditions. This is what happened in Cuba and in the Philippines and sanitation was the real basis of the United States' successful work at the Panama canal. Previous efforts in Panama failed not only because of difference in engineering plans but because of the failure to recognize sanitation as one of the problems which must be satisfactorily solved.

Utility Investments.

Following the plan so frequently adopted by utilities companies, the Peoples' Gas Light and Coke company of Chicago has just announced an advertising campaign to discuss methods of lowering gas bills. The company maintains that the only way to reduce the cost of manufacturing gas in Chicago is to "adopt scientific heat unit gas in place of obsolete candle power gas, and that the company is powerless to make the change without the consent of the authorities." It is with the end in view of so shaping the public mind that in turn Chicago authorities will be induced to grant the company's requests, that the advertising campaign is to be put under way. The trouble with most "get together" advertising on the part of utility companies is that the companies evade the greatest factor in their relations with the public and do not discuss their financial systems. Most of them are seeking to gain interest on a larger investment than really exists.

Improvement Expenditures Make Business Good.

In St. Louis by a vote of five to one a \$10,000,000 road bond issue was recently authorized by the people and now the question is being discussed of starting a campaign for a \$10,000,000 bond issue for public improvements. It is declared the city needs various buildings, parks and betterments which can be secured in no other way, and the large sum mentioned does not seem appalling at all to a great many of the progressive citizens of St. Louis. They seem to have the right idea—that where money is honestly and wisely spent for public betterments that prosperous business times are sure to follow. The same rule will apply here in Jacksonville if the people authorize the proposed bond

issue of \$100,000, for the extension of the light and water departments. There will be considerable paying in progress this summer and if this work can proceed at the same time that extension of the light and water departments is going on, business affairs will certainly be in an active state.

The proposition which the city council is putting up to the people of spending \$100,000 for needed betterments is based upon sound business judgment and upon wise vision as to what will tend toward city advancement. From time to time the plans of the commissioners will be discussed in print, and citizens of Jacksonville should familiarize themselves with the work in prospect. The Journal believes that if citizens have a more understanding of the work in prospect and the plans which the commissioners have in mind, that they will not hesitate to authorize the expenditure of the money.

BOND ISSUE ENDORSED BY CHAMBER OF COMMERCE
ACTION TAKEN BY DIRECTORS AT TUESDAY NIGHT MEETING.
Mayor Rodgers Gave Plans in Detail and Endorsement Motion Followed Discussion—Fund Will Be Raised to Properly Mark All Automobile Trails—Will Aid Cleanup Week.
The question of marking automobile trails thru the county and the endorsement of the proposed bond issue were the most important matters considered by the directors of the Chamber of Commerce at their monthly meeting last night. After the affairs relating to the proposed bond issue had been presented by Mayor Rodgers and thoroughly discussed, the directors went on record by unanimous vote as in favor of the bonds.
F. J. Heintz, of the rural affairs committee, explained the desirability of marking automobile trails and the difficulties which the committee has encountered in the task. Those present were of one mind as to the value of the trails and it was speedily decided that Secretary Rodgers with assistants shall raise a fund of \$500 which will be used for the work mentioned. Automobile travel is increasing so rapidly that the cities along marked trails have a decided advantage. Auto tourists stop in practically all cities thru which they pass and from either necessity or inclination are money spenders.
Cleanup Week Endorsed.
Early in the session last night Secretary Rodgers read a communication from the Civic league with reference to cleanup week and the directors voted to give the movement their hearty endorsement. Like action was taken with reference to "FI-FI of the Toy Shop," the play to be staged by the Civic league next Monday. Another letter was read from the Illinois tax amendment committee asking that the Chamber of Commerce go on record as favoring the amendment to the Illinois constitution for tax revision, to be voted upon at the election in November. While a majority of those present are favorable to the amendment, it was decided that it would not be wise to commit the organization until a fuller understanding of the proposed legislation is had. It was voted that the tax amendment committee be invited to send a speaker here who will explain what the law contemplates. Then a speaker from some organization opposed to the law will be asked to come.
George Vasconcellos, as president of the Boosters' club, reported that organization now has 82 members and that monthly dinners are planned when "Know your city" programs will be carried out. The Boosters have several lines of active work in prospect.
Will Mark Trails.
M. R. Fitch reported for the promotion committee, and Mayor Rodgers for the public affairs committee. The mayor mentioned the West State street pavement and gave some facts with reference to the proposed bond issue. F. J. Heintz, as chairman of the rural affairs committee, said that the most important work his committee had in prospect was the marking of automobile trails thru the county and the placing of sign boards all over the county reading "To Jacksonville." He gave some facts with reference to trails which can be secured simply by the marking and said that he had been unable in the past to secure much cooperation or assistance and that nothing of importance could be done unless the association wished to stand some expense. M. R. Fitch was of the opinion that 100 men who would give \$5 apiece for this work could speedily be found and after a short discussion it was by vote decided that steps would be taken to secure this number. Fourteen names were placed on the list immediately.
F. H. Bode of the railroad committee, made a brief statement in which he said that while he did not have all the facts at hand, that he believed the previous estimates on freight savings which would be secured if Jacksonville could be placed in the same classification as Springfield had been exaggerated. When the fund was completed to start proceedings before the interstate commerce commission to bring this to pass, it was declared that a change from 1.17 to 1.12 would mean an annual saving of about \$50,000. Judged by later information secured from freight agents, Mr. Bode believed that this estimate had been very much exaggerated. He intends to get more accurate information later.
The matter of consolidation of the two telephone systems here was brought to notice and was referred to the public affairs committee with power to act. Secretary Rodgers reported the following new names on the roll: A. E. Williamson, York Bros., Harold Johnson, P. Rainey Hinds, Dr. C. M. Hopper and Graham Hardware company.
Bond Issue Details.
Mayor Rodgers in answer to various questions went into detail with reference to the proposed bond issue. He explained what is to be done in enlarging the light and water departments if the bonds are authorized, the plan to be followed for refunding the bonds, and gave some general details as to the expenditure plans on which the \$100,000 estimate is based. Briefly stated, he declared that the fund will provide for additional wells and equipment at the

DEMAND RETURN OF PAPERS AND DOCUMENTS SEIZED IN NEW YORK

WASHINGTON, April 18.—The German embassy today demanded of the state department the immediate return of papers and documents seized by agents of the department of justice in New York from the office formerly occupied by Captain Franz Von Papen the recalled military attaché of the embassy. At the same time the embassy requested the release of Wolfe Von Igle, Von Papen's former secretary, arrested by the authorities in New York on an indictment charging conspiracy to blow up the Welland canal.

Counsellor Polk, of the state department to whom the representations were made, at once advised the department of justice to return the papers and to free Von Igle unless the offense alleged against him was committed before he became a member of the embassy staff.

NOKOMIS PROBABLY WILL REMAIN DRY.

Nokomis, Ill., April 18.—Although the township voted wet by a large majority on April 4th, the city of Nokomis will probably become dry by virtue of the threatened refusal of the dry city council, elected today to grant licenses to saloons. Three dries were named today giving the dries a majority of four in the council.

ALTAMONT VOTES DRY.

Altamont, Ill., April 18.—This city voted dry today by a majority of 80 votes. Mound township in which Altamont is located went into the dry column April 4th, by a majority of 20 votes.

DEFEAT COMMISSION FORM

Anna, Ill., April 18.—The proposition to change from aldermanic to commission form of government was defeated here today, 12 to 1. A heavy vote was polled by women.

CONTEMPLATE INCREASING TAX ON BEER AND WHISKEY

WASHINGTON, April 18.—Estimating that the government will have to provide for \$225,000,000 additional revenue in the coming general revenue revision bill, the house ways and means committee Democrats are seriously contemplating increasing the tax on beer to \$2 a barrel and on Whisky to \$1.50 a gallon. This would produce about \$33,000,000 more from beer and \$50,000,000 more from whisky and the committee are considering raising the balance of the \$225,000,000 by a franchise tax on war munitions, lowering of the exemption of the exemption of the income tax and a raising of the amount of the income sur-tax.

COOK COUNTY REPUBLICANS MEET AND ADJOURN UNTIL TODAY

CHICAGO, April 18.—The second session of the Cook county Republican convention lasted just long enough today for the members to decide to adjourn until tomorrow in order that "peace overtures might have more time for operation."

The three factions represented—the Thompson, Deneen and Brundage groups—appeared hopelessly deadlocked over the selection of a chairman and the making of a judicial slate to be presented to the county judicial convention for ratification on May 1st.

ADOPTS COMMISSION FORM.

Peoria, Ill., April 18.—East Peoria today adopted the commission form of government by a vote of 333 to 235.

VOTES TO REMAIN WET.

Chicago, April 18.—Arlington Heights today voted to remain wet. Lagrange, another suburb, remained dry.

NEGROES WANT OWN NATIONAL SOLDIERS MONUMENT.

Washington, April 17.—A mass meeting of colored leaders in this section of the east will be held tonight, in the interests of erecting a monument in Washington to perpetuate the memory of the colored soldiers who took part in the wars of this country. The movement began during the last G. A. R. encampment in this country, and the negro patriots are anxious to have their own monument in the capital city.

An association 29 words long has been incorporated for the purpose. Here is the name in all its glory: National Memorial Association for the Erection of a Monument at the National Capital in Honor of the Negro Soldiers and Sailors Who Fought in the wars of Our Country.

FUNSTON ADDS 2,3000 TO PERSHING'S FORCE

(Continued from page one.)

istration's policy unaltered. One member of the cabinet admitted however, that no final decision had been reached as to the withdrawal of troops.

Officials would reveal no word of the report submitted by General Funston. It was apparent however that it outlined a situation which required action in Washington. The line of communication with General Pershing's forces already is drawn too thin, and there is no disposition here to contradict border advice that more troops must be sent if the chase is to be pressed farther.

Baker and Lansing Confer.

Secretary Baker arranged to take additional advice to the white house as they came. He conferred with Secretary Lansing during the late afternoon. Neither would discuss their conference. It was thought probable that the German situation would have some bearing on the impending decision. If a break in diplomatic relations with Germany is forced by the administration it is virtually certain the troops would be recalled from Mexico immediately. They would be needed at home as military prudence would require that steps be taken for protection.

The report of Villa's death has not been cleared up as yet. Doubt as to its truth steadily increases, however, and dispatches from Consul Letcher at Chihuahua received today characterized the report as a mere rumor without any foundation that he could ascertain.

The Washington government as nearly as the attitude of the cabinet can be learned is in no mood to face matters in Mexico. Already the main purpose of the expedition, protection of the border, is regarded as accomplished.

In some quarters it was suggested that an agreement for withdrawal might be reached with General Carranza on the basis that if Villa or his men again headed northward and reached within some specified distance of the border despite the efforts of Carranza troops to check them, United States troops would again cross the border. There was nothing to indicate that this plan actually has been discussed however.

Funston Acts Within Power

In moving new forces to the border or possibly beyond, as reported tonight in San Antonio despatches. General Funston is acting within the discretionary power conferred upon him when the chase began. He also was instructed by Secretary Baker after the Parral incident was reported to spare no effort to protect the advanced forces.

Secretary Baker, would only say, after the cabinet meeting today that no additional troops had been ordered to the border and that no such movement was contemplated at present. It is evident that the shifting forces reported from San Antonio is in accordance with General Funston's best judgement as to the wise disposition of his men to prepare against an emergency.

Confirm Reports Indirectly.

El Paso, April 18.—The reports of Villa's death were confirmed indirectly here today by an American miner who controls large interests on the Guerrero district. This man is in close touch with the American military authorities and has forwarded his information to Washington, he said.

"I know beyond any question that Villa was wounded at Guerrero. I have received my account of the affair from one in whom I have the fullest confidence. He tells me Villa was shot thru the right knee, the bullet killing his horse which fell, pinning the bandit under it and injuring his left leg. This was on March 23. After that I received daily reports about Villa's movements up to April 15, when he was at Satevo. Since then I have heard nothing about him.

Knowing his condition and the certainty of his being wounded I consider it highly probable he is dead as he assuredly could not have got any proper medical treatment."

Additional weight was given to this statement in view of the fact that the man who made it is frankly in favor of intervention and regards the death of Villa as a blow to his hopes as he considers it would mean the withdrawal of the American troops.

Significance also is seen in the attitude of the Mexican officials here and in Juarez who never have shaken their confidence in the truth of the report of Villa's death. In spite of the incredulity of General Bell and other American officers and officials, Consul Garcia has maintained stoutly that he is dead. He declared tonight he was certain confirmation of the ending of Villa's career would be received here shortly.

ELECT WET BOARD OF ALDERMEN.

Peoria, Ill., April 18.—The dries at Chillicothe, Ill., today lost their second attempt in two weeks to make that town dry when a wet board of aldermen were elected. North Chillicothe also elected a wet board of aldermen. Both villages are in Chillicothe township which voted wet by 165 votes on April 4.

ANNOUNCE WAGE INCREASE.

New York, April 18.—The United States Steel corporation today announced another advance in the wages of its employees amounting to ten per cent, effective May 1. This follows a ten per cent advance made in February. Both together represent a total increase in wage payments of between \$20,000,000 and \$30,000,000.

WILSON WILL ADDRESS JOINT SESSION TODAY

(Continued from page one.)

May Possibly Announce Break
Tonight it was indicated that the president's address to congress will be much along the same line—a recital of lawless acts continuing over a long period, despite pledges and assurances. It was pointed out that it is entirely within the range of possibilities that the president may announce to congress that he has decided to break off relations with Germany or declare that the last word of protest has been said and that there can be but one answer to a continued disregard of the lives and rights of neutrals at sea.

The repeated declaration that the president would lay the entire situation before congress before breaking relations was pointed to in support of the belief that after presenting the case to congress, a communication will be sent solemnly warning Germany that more violations of her pledges can only have one result. It is possible but contrary to custom, that diplomatic relations might be broken without some communication in the nature of an ultimatum. It is likewise possible but contrary to custom that an ambassador might be handed his passports, before his government has an opportunity to make answer to a final demand.

TEAM MAKES HIGH SCORE.

Washington, April 18.—An aggregate score of 12,938 out of a possible 13,000 was made by the Michigan Agricultural college rifle team in the thirteen weeks intercollegiate matches just concluded under the auspices of the National Rifle association.

COURT HOUSE WILL BE CLOSED.

The offices in the court house will be closed Thursday afternoon at 2 o'clock on account of the funeral of State's Attorney Robert Tilton.

Economy in buying a refrigerator is not in buying cheap.

"Save at the spigot, but lose at the bung hole" is exactly what happens to the person who buys a cheap refrigerator to save money. The biggest expense connected with a refrigerator is not the first cost, but the ice cost!

HERE'S THE BIG CHANCE TO SAVE!!

Get the Automatic

With its eight honest-made, heat-resisting walls, the heat is kept out and your ice bills kept down to a minimum in the

Automatic Refrigerator

It begins to save you money from the very day you put it into use. It pays for itself time and time again—and it will give you perfect service in the taking care of your food—to say nothing of giving you an abundance of cold drinking water, without the use of extra ice.

WORRYING.

"I hope the world will soon be at peace," sighed the landlady. "I am sick and tired of hearing everybody talking of war, and finding the newspapers and magazines full of war stories."

"You will be just as unhappy when the war is ended, Mrs. Jiggers," said the star boarder. "You will then do some ground and lofty worrying over the misbehavior of our statesmen in Congress, insisting that the country is going to the dogs."

"You are so unfortunately constituted that you have to be worrying over something. When everything else failed, I have seen you do a workmanlike job of worrying over the weather and the crops. If you would try to occupy your mind with something uplifting and ennobling, you would soon learn to view the war calmly, because it would then seem too remote for serious consideration."

"I have been feeding my face at this family beanery for several years now, and I always know what we're going to have at mealtime, at any given hour or day. To-morrow we're billed for a boiled dinner, and the next day there will be a roast dinner, and on Sunday we'll be up against a chicken that passed away full of years and honors. This evening there will be hash, and to-morrow morning there will be mush, and

so it goes, yesterday, today and forever.

"The idea of displaying a little originality in your bill of fare never occurs to you. Yet if you would devote your mind to such a matter, you could make your boarders rejoice and be glad. The sight of a new and unexpected dish on the table would mark an epoch in this house. A few of us might fall over dead, from heart failure, but the survivors would feel that life is worth living after all."

"Boarding houses are not popular, my dear Mrs. Jiggers, merely because the grub is so hackneyed. There's never a flash of originality. Each meal is a plagiarism upon the one that went before it. It wouldn't cost you a cent more to have things variegated. But instead of reading the cook book, trying to discover what the famous chefs of Europe are up to, you read some magazine full of illustrated stories touching the slaughter in France, and complain that the war gives you a sick headache, to say nothing of the fan-tods, and ignoring the willies."

"It is thus with most people who weep and worry over things that don't concern them. If they would take their own business seriously, and try to improve it, they'd forget international issues and other large subjects. So kindly pass the prunes, and let the dead bury their dead."

SOME FARM THEMES.

Still They Burn Stalks.

Of course each man has a right to manage his farm to suit himself but it would seem as if enough had been said regarding the need of the soil for humus to induce people to cut the corn stalks and turn them under, yet a gentleman who rides over the county to a considerable degree says many farmers yet rake up the corn stalks in the spring and burn them in winrows. Such a thing is robbery for the land and a very extravagant way of farming but many fail to profit by the wisdom and experience of others. Some say it is wise to burn the stalks to get rid of bugs, but the most successful farmers don't do it.

Will Reseed Alfalfa.

A. L. French is one of the Morgan county farmers whose alfalfa has been greatly damaged the past season. After waiting some time to determine the best method to follow, Mr. French discised one field and is re-seeding it with alfalfa. He is planting practically the same amount to the acre that was used originally and he will also apply some type of fertilizer. In another field the injury was so great that he is planting other grass seed and will simply use this field for pasture.

TOO MUCH ALFALFA.

I have no fear that alfalfa growing will become a burden at least for several years yet. Illinois stands away down the list in alfalfa production, possibly eighteenth. New York is growing more alfalfa than Illinois, Kansas, which stands first in alfalfa, has nearly one and one-half millions

of acres. True, Kansas produces an enormous crop of seed, while but very little seed is grown in Illinois.

Alfalfa as a forage and hay crop is essential just now to Illinois farms; and, if lack of good markets for alfalfa hay drives farmers to more stock for the purpose of consuming the crop, right on our own farms, that will be of good service.

A correspondent says it is hard to sell alfalfa unless it is bright and clean. True, and it is hard to sell any kind of hay unless it is of good quality. Last season was treacherous weather for hay-making and alfalfa and clover hay were difficult to handle; but that was not a normal season by any means. However, I do believe in preparing to take better care of the alfalfa hay, and I do not believe that one could make any better investment than 100 or 200 hay caps, and if hay is put up in stacks a good, big stack cover is indispensable. Some do not like to bother with hay caps, and some seasons one does not have to bother with them. But they come in mighty handy with a big lot of nice alfalfa or clover in cock, only half-cured, and rain coming on. These caps will last several years, and I really think they will pay for themselves in one wet season.—L. C. Brown, in The Farmers' Review, Chicago.

"THE SILENCE OF GOD" SUBJECT TONIGHT AT BAPTIST CHURCH

Revival Topic Will Deal With Corresponding Event in Christ's Last Week—Mr. Stephens Gives Testimony of Lord's Friends and Foes.

The subject tonight at the First Baptist church will be "The Silence of God." Like the preceding messages it is suggested by the events in Christ's life of this particular day of His passion week. In speaking of God Mr. Stephens will answer the Christian Scientist lecture last Sunday on the topic, "God is Good."

Last evening the choir rendered "Reapers are Needed" and at the close of the sermon Miss Duncan sang, "He Thought of You, He Thought of Me."

The topic last night was "What Think Ye of Christ." Mr. Stephens first called on the friends of Christ to answer. His brother James said, "He is the Lord of Glory." His cousin John said, "He is the Propitiation of our sins." His companion Peter said, "He is Our example." His apostle Paul said, "He is our high priest."

Then the foes of Christ were called on to answer and Herod and Pilate spoke of his innocence, as did Judas. The centurion who ordered his crucifixion said, "He is the son of God" and the thief who died by his side, the once reviling him said, "He hath done nothing amiss."

His followers of today are called upon to answer and Cowper, Wesley, Miss Crosby and others were called into the witness box.

At the close of the sermon a converted Jew from New York told what he thought about Christ and many were moved as they listened to his striking testimony.

WILL ENFORCE JUNK BUYING ORDINANCE.

Chief Davis on Tuesday notified the junk dealers of the city that the ordinance relative to buying of stolen junk will be strictly enforced. For some time small boys have been stealing brass from all kinds of machinery and selling it to the junk dealers. The practice has caused a great deal of trouble to the police department.

An ordinance was passed by the city council Nov. 2, 1915, wherein a severe penalty is provided for the purchase of junk from minors. Section one of the ordinance provides a fine for any junk dealer buying junk from a minor without the written consent of the parents.

It is the intention of Chief Davis to place an officer at each one of the junk dealers yards and watch for violations of the law. Chief Davis says that the dealers will be arrested on the first violation and prosecuted to the full extent of the law.

MONUMENT COMMITTEE MEETING

The executive committee of the Morgan County Monument Association met at the court house at 1:30 p. m. Tuesday and was called to order by Chairman C. E. McDougall.

Reports from various sub-committees from all over the county were received which showed that the movement to build a memorial to the deceased soldiers of Morgan county was being boomed and boosted in a manner that is bound to bring success. So far no opposition has been manifested. Everybody interviewed is heartily in favor of honoring the memory of those who fought and fell in the cause of their country in any and all wars in which they were engaged.

With such reports as were received at the meeting the committee feel confident of final success as public opinion is framing up solidly behind the movement. All are for the project because it is a subject that all are interested in. It will not only be an honor to the city and county, but long delayed justice to the memory of those who bared the breasts to the storms of war in the days when the nation was passing thru the greatest crisis in recorded American history. Hardly a family in Morgan county, especially of the older set but what was more or less affected by the civil war, and they are more directly interested in the movement.

After the transaction of considerable routine business the committee adjourned to meet next week at 1:30 o'clock at the same time and place.

C. E. McDougall, Chairman.
J. M. Swales, Secretary.

SENT TO JAIL FOR VAGRANCY.

"Biddy" McNamara was before Justice Coons yesterday and was sent to jail for a period of twenty days on the charge of vagrancy. McNamara, according to Chief Davis, is a habitual drunkard and this was the charge on which he was committed. In the same court Gus Collins was arraigned on the charge of drunkenness and was fined \$3 and costs.

ALL CHILDREN LOVE "SYRUP OF FIGS" FOR LIVER AND BOWELS

Give it when feverish, cross, bilious, for bad breath or sour stomach.

Look at the tongue, Mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold; give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "Fruit Laxative," they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

MYSTERY MAKES TANLAC SECURE

Imitation Is Set at Defiance by the Famous Master Medicine.

Tanlac! There is magic in this household word—a magic made by success unprecedented and a fame based very solidly on its accomplishments in more than one million homes.

The ingredients for Tanlac are gathered in the remotest parts of the world. From the far North woods to Argentine, below the equator; in Russian Asia, the Alps, Pyrennes, on the sunny shores of Italy, from Brazil, Sumatra, Peru, the West Indies, and the slopes of our own timber-topped Rocky Mountains, come the roots, herbs, barks and even flowers that, under the direction of Herr Joseph Von Trimbach, the noted German chemist, are compounded into Tanlac.

Tanlac can be no successful imitation of Tanlac. It is compounded as skillfully and as mysteriously as nature distills the famed mineral waters of Europe.

Tanlac now universally known as the Master Medicine is proving invaluable against ailments of the stomach, liver and kidneys and catarrhal affections of the mucous membranes, which, when neglected, so often affect the vital organs themselves. As a general tonic for half sick, run-down men and women, it builds up the tissues, creates a keen appetite, promotes digestion, vitalizes the blood and brings back color to the cheeks and sparkle to the eyes.

Tanlac may now be obtained in Jacksonville at Coover & Shreve's, where it is being explained daily.—Adv.

TO REMOVE DANDRUFF

Get a 25-cent bottle of Dandruffine at any drug store, pour a little into your hand and rub well into the scalp with the finger tips. HOW TO REGAIN STRENGTH.

The great factor that retards recovery after sickness is that: weakened, demoralized condition, and it will interest our readers to know that our local druggist, Lee P. Allcott, has a reliable, non-secret strength creator called Vinol, which contains iron for the blood, the curative medicinal extractives of fresh cod liver and the nourishing properties of beef peptone, all combined in a delicious native wine. For weak, run-down conditions and to regain strength after sickness, there is nothing better.—Adv.

SAVE THE TREES.

Several times S. W. Nichols has mentioned the fact that for actual cost he would be glad to have shade trees wrapped so as to protect them from insects and in response to his suggestion several people have left orders to have their trees treated. The material he intended to use is a preparation, especially for the purpose and is practically the same as that used in tanglefoot fly paper.

It was ordered and should have been here a week ago but has not yet arrived and now it is so late it would hardly be expected to accomplish the object intended. It is a matter of regret to the writer who has done the best he could. The material mentioned was the best for the purpose and applied would doubtless have been effective.

Home Celebration of Wonder Interest

Preparations Should Al- ways Include Knowl- edge of Proper Assistance

The arrival of a baby in the household completely changes the entire aspect of the future. But in the meantime, during the anxious period of ex-
pectancy, there is a splendid remedy known as "Mother's Friend" that does wonders. It is for external use, re-
lieves the pains of muscle expansion, soothes and quiets the nerves, extends its in-
fluence to the internal organs and removes to a great extent the ten-
dency to worry and ap-
prehension. It is a natural treatment, safe for the mother, has no drug effect, whatso-
ever and for this reason must exert a most beneficial influence upon those functions di-
rectly connected with motherhood. In a
very interesting book the subject is freely
discussed and a copy will be mailed free to
all expecting mothers by Bradfield Regulator
Co., 806 Lamar Bldg., Atlanta, Ga. Get a
bottle of "Mother's Friend" today of any
druggist. Use as directed and you will then
know why mothers for nearly half a century
have used and recommended this splendid aid
to motherhood. Their letters are messages
of cheer, that breathe comfort in every word.
It is worth while to know that "Mother's
Friend" has been in continuous use more
than half a century. Letters are frequently
received to say that a young mother learned
of this splendid remedy from her mother and
from her grandmother both of whom used it
with happiest results.
Because of this fact you may rely im-
plicitly upon its safety, its effectiveness and
its directness of purpose.

Wilmington, Del.—"I was suffering
from a terrible backache and pains in
my side, with bearing down pains and
was very nervous. I was always tired,
always drowsy, never could get enough
sleep and could not eat. I had four doctors
and each told me something different. I
read of Lydia E. Pinkham's Vegeta-
ble Compound and decided to try it. I
got good results and I now feel better
than I have felt for years and I am gain-
ing in weight. I can gladly recommend it
to all women."—Mrs. GEORGE W.
SEBOLD, 1641 West 4th Street, Wilming-
ton, Del.

Backache and bearing down pains
are danger signals which every woman
should heed. Remove the cause of these
aches and pains by taking Lydia E. Pink-
ham's Vegetable Compound, that good
old root and herb medicine. Thousands
of women have testified to its virtues.
For forty years it has been making
women strong, curing backache, nerv-
ousness, ulceration and inflammation,
weakness, displacements, irregularity
and periodic pain.

A Sure Way To End Dandruff

There is one sure way that has never
failed to remove dandruff at once, and
that is to dissolve it, then you destroy it
entirely. To do this, just get about four
cucups of plain, common liquid arvon
from any drug store (this is all you will
need), apply it at night when retiring;
use enough to moisten the scalp and rub
it in gently with the finger tips.
By morning, most if not all, of your
dandruff will be gone, and three or four
more applications will completely dis-
solve and entirely destroy every single
sign and trace of it, no matter how much
dandruff you may have.
You will find all itching and digging
of the scalp will stop instantly, and your
hair will be fluffy, lustrous, glossy, silky
and soft, and look and feel a hundred
times better.

From the Shelbyville Daily Union
of the date of April 14, we copy
the following: "Guilty as charged
in the indictment" were the words
which electrified the crowd in the
circuit court room Thursday even-
ing, when at 6:30 o'clock the jury
in the John C. Miller and R. Logan
Estes case returned a verdict find-
ing the defendants guilty of steal-
ing six automobile tires from the
Wabash railroad station at Stras-
burg in November, 1914. Attorneys
for the defendants at once entered
a motion for a new trial in the case
pending the hearing of argu-
ments of counsel next Thursday
morning Miller and Estes were given
their liberty on bail. Their bonds
were raised from \$1,000 to \$2,500
each. Within a few moments both
had given the required bond. The
following citizens from Meredosia
were in attendance at the trial: Guy
Wilday, Edward Geiss, Thos. Dud-

hope, A. J. Leslie, J. A. Hilde-
brand and John Hughes.
Arthur Hancock departed Tues-
day for Griggsville to attend the
wedding of a friend.
Mrs. Effa Kappel and daughter,
Tena went to Jacksonville where
the latter was operated on for a
growth in the nose.
MRS. MARY SMITH HAD
LIVED USEFUL LIFE
Early Resident of the County Pass-
ed Away at Home in Hannibal.

Brief mention was made, last
week, of the passing of this re-
markable woman and lady, at Han-
nibal, Mo., April 11th inst. A Han-
nibal paper of April 11, had the fol-
lowing:
"Mrs. Mary J. M. Smith passed
away at 6:50 o'clock this morning
at the home of her granddaughter,
Mrs. J. Fred Evans, of 512 Hawkins
avenue. She became ill of grippe
a few days before Christmas and
gradually grew weaker. Had she
lived until June 23 she would have
been 96 years old, as she was born
on that date 1820 in Boston, Mass.

"In 1834 when but a girl she came
west with her mother and settled in
Griggsville, Ill., her father, who was
a farmer, having died a few years be-
fore. In 1837 she married Robert
Jackson who died in 1847. Four
sons were born to this union one of
whom died at the age of three years
and two of whom died in the war,
one having been killed in the siege
of Vicksburg. In 1870 she went
west with her only surviving son,
Harry Jackson, and in 1873 was
married to Major Jackson Clinton
McKay. In 1875 they went to Hon-
olulu, Hawaiian Islands. Major
McKay died in 1881 and his widow
returned to Griggsville, Ill. In 1885
she married Stafford Smith in Mer-
edosia, Ill. He died after they had
lived there twenty years. Since that
time she has lived in Griggsville ex-
cept for the last four years which
she has spent with her granddaugh-
ter in this city, Mrs. J. Fred Evans.
"Mrs. Smith's death marked the
close of a beautiful life and she
leaves many friends. She possessed
a remarkable memory and could re-
call many things she had learned in
childhood among them an unpub-
lished poem by Lowell Mason whose
singing school she attended.
"Mrs. Smith leaves four grand-
children and twelve great-grand-
children. The grandchildren are:
Mrs. J. Fred Evans of Hannibal;
Mrs. C. M. Higgins of Champaign,
Ill.; Miss Carrie Jackson, principal
of the open air school in St. Louis,
and Mrs. Will Foster of Streator,
Ill."

The funeral was held in the Con-
gregational church of Griggsville,
April 13. Mrs. Smith having been
a charter member since its founding,
49 years ago.
Mrs. Smith's remains lay in state
at the house of Mrs. Albert Pratt,
which had once been her home.
There were flowers of beauty sent,
one especially fine piece being from
Hannibal, her last earthly home.
Mrs. Smith was one of the kind-
est of women, and she evoked such
attention and consideration thru a
long life, spent in places far apart.
As such a one deserved she was
gently taken care of in her last years
by her grandson, Mr. J. Fred Evans
and his wife, and a gentle care
should be theirs, if they live long or
short years.

Mrs. Smith was known here es-
pecially as of Meredosia, the scene
of the last of her married life. But
wherever she went she seemed to
have a marvelous power of binding
hearts to hers.
As is more or less known here,
Mr. Smith came to Jacksonville
neighborhood in 1835, and had his
home in this city or neighborhood
for years, dying in Meredosia, where
he went to reside in the forties.
He belonged to one of the old
and rich families of Baltimore City,
Maryland.

Mrs. Smith was known generally
as "Aunt Mary," and the name car-
ried a loving thought with it.

"THE BIRTH OF A NATION" A Reply to Capt. Swales.

Editor Journal:—
I should hate to think that a man
could dupe the American people so
easily in a question of events in
their own national history, less than
a half century old. Before calling
a man's motives into question, I
have always found it advisable to
make a systematic and thoro in-
vestigation and then, attempt to judge.
Calling a man a wilful liar is bad
enough, but to accuse a man of mal-
iciously misrepresenting and mis-
stating historical happenings and
thereby causing dissension and ill-
feeling between races is indeed a
very serious presumption.
I must confess that it is with
some hesitancy that I write for my
opponent lived at the time when
these happenings took place, while I
did not. I must, therefore, rely on
reliable historians of the period in
order to obtain unbiased historical
judgments.
My authorities follow: James
Ford Rhodes, "History of the United
States," Schouler, "History of the
Reconstruction Period 1863-77."
If my opponent can furnish bet-
ter authorities, I shall be glad to
see them.
For the benefit of those who do
not have access to these excellent
works of history, but who wish to
know the truth, I beg leave to sub-
mit the following excerpts.
"Its (the Ku Klux Klan's) apolo-
gists maintained that the order was
formed to check the machinations of
the Union or Loyal Leagues, secret
societies which were composed of
negroes under the leadership of car-
pet-baggers and scoundrels and which
wrought in the interest of the Re-
publican party. E. L. Godkin, who
in the "Nation" and in his letters
to the "London Daily Mail" had
praised and defended the Recon-
struction Acts of Congress, wrote
truly, "Worse instructors for men
emerging from slavery and coming
for the first time face to face with
the problems of free life than the
radical agitators who have under-
taken the political guidance of the
blacks it would be hard to meet
with."
"This mass of barbaric strength,
endowed with political rights and
guided by designing men, might well
arouse in the Southern people a de-
termination to use any means which
promised an escape from the im-
pending horror."
(Rhodes v. 6 p. 180-1).

"As for the negro he proved him-
self an apt and ready pupil; not of
course in the higher range of official
rank and authority, but for—the
sale of vote and influence. Natu-
rally enough he yielded to the tu-
ition and example of such new
friends from without, and welcomed
those of the white race who had
been his emancipators. . . . Lazy and
idle, in his new-found freedom, dis-
posed to take a respite from toil
and to shift from place to place,
politics pleased him for he got
money easily out of it. Such trans-
iency upon political equality which
was entailing ruin and chaos in their
midst led many intelligent whites
in these states to attempt a reas-
sertion of rule by suppressing that
negro vote which they could not
win over fairly and had not the
means to purchase."

"Desperadoes and horse thieves
put on the livery of the Ku Klux
Klan as a screen for their depreda-
tions as did illicit distillers when
detected in their evasion of the ex-
cise. Political outrages were com-
mon enough, Heaven knows, but
by no means were all the murders of
negroes and white men political and
the South incurred on this account
much obloquy which was not her
due."
(Rhodes v. 6, 184-5).

"Why didn't the gentleman who be-
gan the discussion mention the ex-
petbag outrages, and let the public
judge the relative merit of the con-

troversy. In order that a person
might be an intelligent historical
student he must meet issues fairly
and squarely and weigh both sides
in a sensible manner.

I appeal to those who desire fair
play and to those who wish to judge
intelligently, to study the situation
conscientiously and not judge a man
"a liar" before such a judge has
exhausted every source at hand to
make sure of his assertion. It is
only an application of the "Golden
Rule."

He Uses the Safe and Sure Thing at Home

P. A. Eird, Conejo, Calif., writes as
follows:—"I have sold Foley's Honey
and Tar Compound and also other lines
of cough medicines for a number of
years, but never use anything but
Foley's Honey and Tar Compound for
my family or myself, as I find it pro-
duces the best results, always cures
severe colds and sore chest and does
not contain opiates or other harmful
drugs."

Unthinking and careless people neg-
lect their coughs and colds, not realiz-
ing how they weaken the system and
lower the vital resistance to such grave
diseases as bronchitis, pleurisy and
even pneumonia.

For promptly averting serious re-
sults from a cold, use Foley's Honey
and Tar Compound. It spreads a heal-
ing soothing influence over raw in-
flamed surfaces, eases tightness and
soreness of chest, helps croup, whoop-
ing cough, stuffy wheezy breathing,
bronchial and in gripe coughs.

A LESSON

Nothing hard about it either. So simple it resolves itself into this:
If you have a Willard Battery to begin with, take proper care of it, and
rely on the real service behind it, your starting and lighting problems
are solved.

If on the contrary you commit yourself to the tender mercies of a
cheap battery, your days of satisfaction are numbered.

Proper care includes distilled water and hydrometer reading at reg-
ular intervals. Willard Service means free monthly inspection, expert
advice, and thorough battery knowledge. Are you getting it? If not
drop in and get a FREE inspection card.

Don't forget the little things about the car that should be fixed be-
fore they make the repair bill large. Expert mechanics here always at
your service. Don't forget we are agents for the celebrated Pennsil-

ELECTIONS TUESDAY IN TOWNS NEARBY

ARENZVILLE GOES WET BY VOTE
OF 154 TO 130.

Democratic Ticket Wins in Franklin, Defeating Independents—No Bonds for Concord—South Jacksonville Elects Three Trustees and Clerk—Other Results.

Tho not a day of heavy voting, Tuesday was marked by several contests of interest. Arenzville rejoined the wet column by a vote of 154 to 130. A close contest in Franklin resulted in defeat of the Independent ticket by the Democrats for village trustees and clerk. In Concord, taxpayers refused to vote bonds for lighting and improving the streets of the village.

The Progressive party ballot won in Meredosia over the Citizens' party. In Winchester the Improvement party beaten by an Independent ticket. Other places in which elections for town or village officers were held are Roodhouse, New Berlin, Chapin and Bluffs.

In South Jacksonville Henry Goebel, W. W. Barr and James McGinnis were elected village trustees and E. E. Beasall, clerk. Arenzville Goes Wet. After being in the dry column for two years Arenzville returned to the wet side Tuesday by a vote of 154 to 130, a majority of 24. In this vote 78 women voted against the return of the saloon and 54 for their return. Fifty-two men voted against the return of the saloons and 100 voted for their return. In the election of a board of trustees and a clerk the contest developed into a fight between the wet and dry forces. The People's Progressive ticket was representative of the dry element and the Business Industrial party represented the wets. The vote cast was as follows:

People's Progressive Ticket.			
Trustees.	Men	Women	Total
A. H. Bartelheim	57	69	126
W. L. McCarty	55	68	123
G. E. Houston	56	69	125
Henry Dahman, unexpired term	53	70	123
Citizens' Business Industrial.			
H. H. Wessler	99	59	158
Val. Hahling	101	58	159
Frank J. Heirman	96	58	154
Herman Engelbach, unexpired term	101	57	158
Clerk—			
R. J. Ommen	105	57	162

South Jacksonville Election. The village of South Jacksonville held an election Tuesday for the election of three trustees and a village clerk. There was cast 80 men's votes and 79 women. The vote was as follows:

Trustees.			
Men	Women	Total	
Jas. McGinnis	47	51	98
W. W. Barr	51	52	103
Henry Goebel	71	70	141
J. R. Baxter	29	23	52
John Godfrey	26	22	48
W. H. Weirich	0	1	1

Clerk—E. E. Beasall 70, 69, 139; Joe Walters 1, 0, 1. James R. Baxter, John Godfrey and W. H. Weirich ran as Independents. There were scattering votes for police magistrate, T. B. Reeve receiving the highest number of votes, which was 5. It has been impossible to get any one to serve in this position and it is probable that Mr. Reeve will not qualify.

New Berlin Elects Citizens' Ticket. An election was held at New Berlin Tuesday for the election of a board of trustees and a village clerk. The tickets in the field were the Democratic ticket and the Citizens' ticket. The Citizens' ticket won, the following being chosen: William Bachman, Warren Osborne, F. W. Scheele, trustees, and William Pfeiffer, clerk.

Election at Roodhouse. At Roodhouse an election was held for alderman in the three wards and for police magistrate of the town. For aldermen the vote was: First ward, D. E. White, 44, no opposition; second ward, W. J. Ferguson, 30, and James Witty, 146; third ward, Charles Ballard, 73, no opposition. J. A. Hicock was elected police magistrate, receiving a total of 75 votes, against 47 for John Moran and 34 for Henry Baker. By wards the vote stood, Hicock, 23, 15, 37; Moran, 17, 19, 20; Baker, 5, 15, 13. Waverly Elects Aldermen. The aldermanic election at Waverly brought forth little interest, tho a contest developed in the third ward. The vote stood: First ward, W. H. Rohrer, 22, no opposition; second, J. L. Campbell, 49; third, G. W. Dunseth, 22, and Joseph Ballard, 17.

Concord Defeats Bond Issue. The proposal to issue bonds to the amount of \$3,000 for lights and for street improvement was defeated by a majority of 15 votes. Two village trustees were elected on the Citizens' ticket, James Webster and Sellie Laughary, and one from the People's ticket, Casper Blimling. Miss Evaline G. Gaddis, a People's party candidate, was elected clerk.

The defeated candidates were C. E. Rexroat, G. F. Lewis and W. C. Brockhouse, for village trustees, and Roy Crouse, candidate for clerk. Chapin Elects Trustees. Walter Bobbitt, E. F. Antrobus and Horace Bridgeman were elected village trustees by Chapin voters and Carl Filson was elected clerk. The vote was light and there was no opposition to any candidate. Franklin Democrats Win. The election at Franklin Tuesday brought out a fair sized vote and re-

sulted in a straight victory for the Democrats, the Independent ticket losing in the case of both trustees and clerk.

Democratic ticket—			
Trustees.	Men	Women	Total
J. L. Seymour	96	89	185
A. J. Davis	103	85	188
Fred Burch	77	82	159
Village clerk—			
J. L. Hocking	91	79	170

Independent ticket—Claude Jolly 87, 63, 150; Dr. C. I. Glenn 71, 41, 112; Henry Duncan 79, 78, 157. Village clerk—W. N. Luttrell 85, 73, 158.

Election in Meredosia. In Meredosia the election for three trustees and clerk resulted in victory for the Progressive party over the Citizens' party. The vote: For village trustee—Ed Geiss, 216; James McLain 251; Ed Fee, 222; B. C. Heffner, 126; George Hyde, 139 and William Hyatt, 144. Charles Wegchoff defeated Oscar Wilcox for clerk by a 225 to 152 vote.

The Result in Woodson. In Woodson there was no contest, the candidates for village trustees and clerk going thru without opposition. The vote stood: S. J. Baxter, 16; Dallas Crain, 12; C. O. Smith, 9, for village trustees; and Howard Henry for clerk, 9. William Nicol was elected president of the board by a vote of 16.

Winchester Independents Win. An aldermanic election was held Tuesday in Winchester, resulting in a straight victory for the Independent ticket over the Improvement party. The aldermen selected were George Cohagan, John W. Taylor and Alfred Ezard.

The vote by wards: First, William Comitas, 41; George Cohagan, 114. Second, Dr. B. F. Webster, 78; John W. Taylor, 146. Third, Henry Higgins, 75; Alfred Ezard, 140.

anti-License Ticket Elected in Bluffs. The annual village election was held at Bluffs Tuesday and the Anti-License ticket will but little opposition was elected. The official vote is as follows: For trustees—Arthur Pyle 91, Harrison Corbridge 85, Daniel Harvey 87. To fill vacancy—George Midden-dorf 75. For village clerk—C. R. Hale 91. For police magistrate—H. D. Killpatrick 87.

ELECTION AT MURRAYVILLE. An election was held at Murrayville Tuesday for the election of a president and three members of the village board and police magistrate. There was no opposition to the ticket and the following were elected: President—J. H. Spencer. Clerk—J. G. Sooy. Police Magistrate—W. B. Wright. Trustees—J. L. Wareup, J. L. Wyatt and Rees Jones.

STRICT ENFORCEMENT OF THE TRAFFIC ORDINANCE

The police department has commenced the strict enforcement of traffic law regulation. Yesterday J. E. Stice was arrested by Chief of Police Davis for failure to stop his automobile ten feet away from a standing street car. Dr. F. A. Norris was arrested for violating the section of the ordinance fixing the speed which automobiles traveled within the city limits. There are a great many violations of section 5 of the traffic ordinance which requires that automobiles and other vehicles must stop when they approach a street car which has stopped to discharge or take on passengers. The ordinance says, "The driver of a vehicle overtaking a street car which has stopped to take on or discharge passengers, shall stop his vehicle ten feet from such car so as not to interfere with or injure passengers who may be attempting to board or alight from said car." Penalty for the violation of the provisions of the ordinance is not less than \$5 or more than \$100 for each and every offense.

Chief Davis says that the section relative to vehicles stopping behind street cars is violated more frequently than any other. It is the intention of the police department to strictly enforce the traffic ordinance in every particular. As cars are now being used more freely violations have become frequent and enforcement without favor is the order.

The cases from yesterday's arrests are set for hearing in Squire Coon's court.

BAR ASSOCIATION PLANS FOR THE TILTON FUNERAL

Committee Named to Make Necessary Arrangements—Mr. Worthington to Represent Association at State Meeting.

The Morgan County Bar Association held a meeting Tuesday afternoon at 4:15 o'clock to make arrangements for the funeral of the late state's attorney, Robert Tilton. L. O. Vaught, president of the association, presided, and it was decided that members of the association will attend the funeral in a body. On motion of Judge Thompson a committee of three was appointed, including the chair, to make all the necessary arrangements. This committee includes L. O. Vaught, Judge M. T. Layman and W. N. Haingrove. It was announced that members of the bar would meet at the court house at 1:45 o'clock Thursday afternoon and would then proceed to the Tilton residence and act as an escort for the cortege from the house to Trinity Episcopal church. The funeral service is to be held there at 2:30 o'clock.

A letter was read from the state bar association asking that a representative be appointed to attend the convention to be held June 3 in Chicago. Thomas Worthington was the choice of the association as a representative.

ADVOCATE NEW TYPE OF PAVING FOUNDATION.

W. P. Whitney of the Alton Brick company and W. E. Blackburn of Paris, Ill., an engineer, are spending a number of days in Jacksonville explaining the advantages of monolithic brick paving. They are here at this time especially because of the proposed pavement for West State street and are seeking to have a majority of the property owners there favor this type of construction. The plan they advocate eliminates the sand cushion and the brick are laid directly upon the concrete foundation. It is their claim that brick pavements are frequently damaged because the sand used as a filler works up between the bricks and destroys the edges and also does not leave sufficient space for the concrete filler. By laying the brick directly on the concrete they claim that the injury from the sand is done away with and further that more space is left to be occupied by the filler when it is applied.

Mrs. W. D. Roberts has returned from Cairo, where she went to attend a three day session of the state parent-teachers' association and the mothers' congress. There were five state presidents in attendance, two of them from the Pacific coast, two from the east and the fifth the Illinois president. In addition, the national president was one of those in attendance and the sessions throughout the three days were of a very interesting character. All parts of the state were represented and Mrs. Roberts declares that the reports given all indicated that active useful work is being done.

Sealed bids will be received at the city clerk's office in the city hall up to 10 o'clock a. m., Monday, May 1 for the laying of a six inch water main on East Independence avenue to Myrtle street and on Hooker street from Independence avenue to Lafayette avenue. GRACE CHURCH EVANGELIST SPEAKS ON "CONSCIENCE"

Mr. Towle Reads Story of Joseph and Brethren and Describes Punishment of Bitter Memories.

"The Recollections of an Outraged Conscience" was the sermon subject of the Rev. E. K. Towle Tuesday night at Grace M. E. Church revival. Dr. A. B. Morey offered the invocation and Miss Lena Hopper gave a solo. The evangelist read the story of Joseph and his brothers and followed with an eloquent sermon. There will be services tonight at 7:30 o'clock, preceded by a service of prayer. Mr. Towle said in part: "Memory is one of the most valuable, most important and marvelous characteristics of the human mind. It is the photographic record of human experience, the picture gallery of the soul. We are all by our daily deeds placing pictures on the walls of memory that will make it in time to come either a place of peace or a dungeon of torture. Whether we live in a palace or a cottage we each have our hall of memory and we are furnishing it after our own design. Pictures hang there which no eye but God's sees."

"The things we hang away in our memory are of our own selection and such choices should be made with care for once we have them we can not escape from them. Memory and conscience seem to work together and their tenacity is astounding. In dealing with sin we can trust to forgetfulness. Things may seem lost from mind but they are not lost. The human mind never really forgets anything. And especially does it not forget sin. Men and women remember this, you can not finally hide sin anywhere in God's universe. You may have it hidden from your wife or from your husband, but have not hidden it from yourself nor God."

"The sinner not only carries the proof of his sin and guilt in his own heart, but he carries there also court that will pronounce sentence upon him. A guilty conscience turns a man against himself. Other witnesses may all be dead or gone but that does not make the sinner safe. For he carries with him his fiercest accuser. What court sent Judas back to the temple with the thirty pieces of silver and then to buy a hangman's rope? What court accuses the suicide? None but the great judge we call conscience."

"Sin will lie burning and boiling in a sinner's breast like a smoldering volcano. And how strangely conscience will arouse a man at unsuspected hours. How terribly it will torture him until it has bolted out the hidden truth. God knows how to awaken a man's conscience in the day of Judgment to plead for your sake and for Jesus' sake if conscience is speaking to you to turn away from your sin now, for this is a day of mercy, by and by will be the day of judgment."

"THE BIG AUCTION" SALE THEME AT NORTHMINSTER REVIVAL

Rev. W. E. Spoons Addressed A Large Audience Tuesday Night—Individual Responsibility Emphasized.

At the Tuesday evening service of Northminster church the pastor Rev. W. E. Spoons was heard by another large audience. His theme was "The Big Auction" based upon Isaiah 52: 3. In part the minister spoke as follows:

The real thought of this text is the selling and redeeming the soul. The first thought that I would call your attention to is: Selling the soul. "Ye have sold yourself for nought."

What have you sold? Not your wares, your possessions, but yourself. Not the body, not the mere bundle of intellectual faculties, but the conscience, the moral ego, the inner man. That which works the faculties, and which will live when the body is dust. It is yourself you have sold, the most precious thing God has given you. The gem of creation. The grand mark of man. The great possession. Put all the splendor of the visible creation into the scale, and one soul will outweigh them all. How many never think of the value of the soul, but sell it for the merest trifle. For such things as gold, pleasure, knowledge, whiskey and to satisfy passions.

To whom have you sold yourself? To Satan. The enemy of God and man and home. The enslaver and the destroyer of souls. "And you hath he quickened, who were dead in trespasses and sins; wherein in time past ye walked according to the course of this world, according to the prince of the power of the air, the spirit that now worketh in the children of disobedience." Eph. 2: 1, 2. To do his deadly work and to be led captive at his will. As seen in Adam and Eve, Ahab, Judas and Ananias and in your own city.

For what have you sold yourself? For worldly pleasure. But that is nought. Will soon vanish, it is unsatisfying, leaves an aching void the world cannot fill. "Shake thyself in the dust, arise, and sit down, O Jerusalem: loose thyself from the bands of thy neck, O captive daughter of Zion." Isa. 52: 2.

For worldly wealth. But that is nought. The devil bought Adam and Eve with appetite, pride and ambition, and he is trying to buy every soul in Jacksonville with the same price. Wealth will soon take the wings of the morning and fly away. Wealth is not happiness, it cannot procure the elixir of immortality. It often degrades. Wealth is useless when we are at the point of death. Take heed, and beware of covetousness; for man's life consisteth not in the abundance of the things which he possesseth." Luke 12: 15.

For worldly fame. But that is nought. At best it is unsatisfying. Charles Lamb had fame and what did he say, "I walk up and down the world thinking I am happy, but knowing I am not." The great Dr. Johnson had fame, and what did he say, "I am afraid that some day I shall go crazy."

Who sold you? "Yourself." Ahab did himself to work wickedness. The prodigal son sold himself to a life of want and shame. The wicked men of this town are selling themselves to the work of the devil, and all these workers of evil are not among the lower ninety, but many of them are among the upper ten. You men cannot blame Adam, for had you been in his place you would have acted like him, you love sin and sinful pleasure and are selling your interest in the blood of the Saviour for these sinful things. You see then that it is a voluntary bargain. You must admit that it is an unjust bargain. Reason and conscience say that you have no right to sell your soul for it belongs to God. "What? know ye not that your body is the temple of the Holy Spirit which is in you, which ye have of God, and ye are not your own?" 1 Cor. 6: 19. You must confess that you have made a bad bargain, and that the outcome of it is deception, disappointment, embarrassment and hell. "For they have sown the seed, and they shall reap the whirlwind." Hos. 8: 7.

Redeeming the soul. The redemption of the soul could not be effected by any human means. No redeeming principle in man's apostate nature. Nothing that the whole universe could offer would be accepted as the price of the soul. The redemption of the soul was effected by the Son of God. Personal redemption is realized by penitent faith in the Saviour's atoning sacrifice. "The time is fulfilled, and the kingdom of God is at hand: repent ye, and believe the gospel."
